

## *Results* are important...

“The NT Group reduced our cost of ownership by \$500,000 over five years.”

**Jim Newman, CIO - Rust Consulting**

“The NT Group saved us significant senior management time during selection and implementation of phone/messaging/cabling systems.”

**Dan Huber, President - Huber Universal Services**

“It was one of the smoothest ‘cuts’ in my career...”

**Brad Perlich, GM - HFT**

“During the past 3 years we grew annual revenues from 1.5 million to 3.5 million while reducing headcount.”

**Pat Mach, President - Rescue Mortgage**

“The NT Group saved us \$60k in the first year...”

**Stu Thompson, Fund Manager - The Builders Group**

## *For companies* that are...

- Moving or building new facilities
- Seeking independent perspective
- Managing VoIP, security, CRM, unified communications, or contact centers
- Planning web-based applications
- Considering “virtual” work environments
- Integrating multiple facilities
- Planning for technology to gain market share, revenue and/or margin, or customer service advantages
- Concerned about Internet security

*The NT Group* offers a simpler, more direct approach to getting results with communications technology.

## *Consulting and Implementation*

- VoIP
- Unified Communications
- Web Applications
- Phone Systems
- Wireless Networks
- Network Security
- Contact Centers
- CRM Solutions
- Mobile Applications
- LAN/WAN QoS
